

Hell No, We Won't Go ©2017 Garrett Clevenger

Chorus:

G C G Hell no, we won't go! We're never gonna go away.
G D You can't make us leave or make us go your way.
G C G We were born with the same drive so we'll always say,
G D G "Hell no, we won't go! We are here to stay."

D Simon Smith met his man, his true love, at an
C airport in south Spain. They
D both were runnin' late and missed their
Am plane that day. They
D talked a while and realized they're from the
C same quaint place: A
D county in a state that hates
Am gays. But they're
C D going back to say,

Chorus:

G C G Hell no, we won't go! We're never gonna go away.
G D You can't make us leave or make us go your way.
G C G We were born with the same drive so we'll always say,
G D G "Hell no, we won't go! We are here to stay."

D It's easier if you're a woman to find a
C woman to love. Since
D women have always loved natural-
Am ly. But
D women fear men more than
C men fear other men. Even
D women have never been
Am free. So they
C D stand up and say,

Chorus:

G C G Hell no, we won't go! We're never gonna go away.
G D You can't make us leave or make us go your way.
G C G We were born with the same drive so we'll always say,
G D G "Hell no, we won't go! We are here to stay."

Jam:

D C
D Am

D Can you imagine a future when the
C chickens, fish, pigs, cows and
D sheep will rebel against hu-
Am mans? Or an
D alien invasion decides
C men will feed them? Or a
D lowly pathogen does us
Am in? But
C D someone will always say,

Chorus:

G C G Hell no, we won't go! We're never gonna go away.
G D You can't make us leave or make us go your way.
G C G We were born with the same drive so we'll always say,
G D G "Hell no, we won't go! We are here to stay."
G D G "Hell no, we won't go! No matter what you do or say.
G D G "Hell no, we won't go! We're never gonna go away."
